

PORTABLE AIR CONDITIONERS

WPC 168

COOLING - 4.9KW

240 VOLT - 8.2 AMPS

AIRFLOW - 715 M3/HR

H-1042 X W-523 X D-672 (MM)

WEIGHT - 86KG

The WPC 168 is the most popular air conditioner in the market place. This unit has an intelligent control system with a fully adjustable thermostat, hour time and alarm to notify you when the condensation bucket is full. The two arms allow for additional ducting so that you can cool two areas at once.
