

MEC 12 EVAPORATIVE COOLER

- Airflow – 12,000 m³/hr

- Power – 240 volt – 3.0 amps

- H-1520 x W-1280 x D-650 (mm)

- Weight – 78kg

The MEC 12 Evaporative Cooler provides up to 12,000 m³/hr of cooling. It comes with a fully adjustable fan, strong lockable castor wheels and can be run with or without the cooling mode activated. The MEC 12 has a large water reservoir, so if you do not have access to a continuous water supply then you will still be able to get hours of operation before the unit requires topping up. This unit operates from a standard 10 amp power supply.
