

MEC 20 EVAPORATIVE COOLER

- Airflow – 20,000 m³/hr

- Power – 240 volt – 3.5 amps

- H-1800 x W-1600 x D-800 (mm)

- Weight – 105kg

The MEC 20 Evaporative Cooler provides a massive 20,000 m³/hr of cooling. It comes with a fully adjustable fan, intelligent control system, strong lockable castor wheels and can be run with or without the cooling mode activated. The MEC 20 has a huge 250 litre water reservoir, so if you do not have access to a continuous water supply then you will still be able to get hours of operation before the unit requires topping up. This unit operates from a standard 10 amp power supply.
