

DBK Wall and Floor Mats

- Floor Mats

Available in various sizes

The DBK Wall and Floor Mats form a part of a patented system that dramatically improves drying times compared with conventional methods.

Wall Mats are specially designed to inflate up against a water damaged wall without the need for any additional fixings.

- Wall Mats

Available in various sizes

Floor Mats can be interconnected using mat connectors to cover a larger drying area.

DBK Wall and Floor Mats come in a wide range of shapes and sizes to suit your drying requirements.
