

# EVAPORATIVE COOLERS

## MECY 10 EVAPORATIVE COOLER

**AIRFLOW - 10,000 M3/HR**

**H-1000 X W-670 X D-480 (MM)**

**POWER - 240 VOLT**

**WEIGHT - 30KG**

The MECY 10 Evaporative Cooler provides up to 10,000 m<sup>3</sup>/hr of cooling. It comes with a fully adjustable fan, electric oscillating louvers, strong lockable castor wheels and can be run with or without the cooling mode activated. The MECY 10 has a 48L water reservoir so you are able to get hours of operation before the unit requires topping up.

**1300 447 247**
