

# EVAPORATIVE COOLERS

## MECY 18 EVAPORATIVE COOLER

 AIRFLOW - 18,000 M3/HR

 H-1410 X W-980 X D-700 (MM)

 POWER - 240 VOLT

 WEIGHT - 75KG

The MECY 18 Evaporative Cooler provides up to 18,000 m<sup>3</sup>/hr of cooling. It comes with a fully adjustable fan, electric oscillating louvers, strong lockable castor wheels and can be run with or without the cooling mode activated. The MECY 18 has a 120L water reservoir, so if you do not have access to a continuous water supply then you will still be able to get hours of operation
