

EVAPORATIVE COOLERS

MECY 25 EVAPORATIVE COOLER

 AIRFLOW - 25,000 M3/HR

 POWER - 240 VOLT

 H-1720 X W-1320 X D-700 (MM)

 WEIGHT - 100KG

The MECY 25 Evaporative Cooler provides up to 25,000 m³/hr of cooling. It comes with a fully adjustable fan, electric oscillating louvers, strong lockable castor wheels and can be run with or without the cooling mode activated. The MECY 25 has a 170L water reservoir, so if you do not have access to a continuous water supply then you will still be able to get hours of operation
